## Water Cycle Comic Strip: Activity 62

### Criteria for a 3:

\_\_\_\_\_ Create a water molecule character

\_\_\_\_\_ Water molecule must change locations at least 5 times

\_\_\_\_\_ Describe how the water molecule moves from one place to another (ocean currents, wind, river, groundwater, clouds, etc.)

\_\_\_\_\_ Explain how the water molecule changes states: solid, liquid, gas (use words like evaporation, condensation, freezing, melting, cold temperature, warm temp.)

\_\_\_\_\_ Clear Beginning, Middle, End

\_\_\_\_\_ Use illustrations

(3 Points)

My project was looked at by \_\_\_\_\_.

One thing they said I did well was \_\_\_\_\_

\_\_\_\_\_

One thing they helped me with was \_\_\_\_\_

\_\_\_\_\_

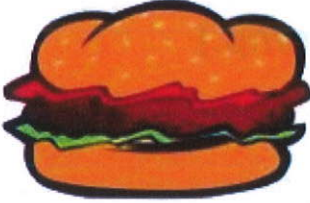

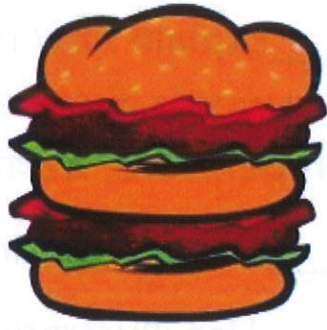

\_\_\_\_\_

Your project will be evaluated using the Performance Rubric below. Doing the above criteria will get you a 3. To get a 4 you must go above and beyond.

I should get a 4 because I \_\_\_\_\_

\_\_\_\_\_
